SECOND IN TIME

CAN'T WE RUN AWAY

Verse #1:

Too many times I've been here left all alone  
Too many times, Yeah, I've felt the wind and bitter cold

Bridge #1:

But I know why  
Because you weren't here with me  
But now that you're here won't you give the opportunity...

Chorus:

For us to Run Away.  
Oh, Can't We Run Away  
To some other place  
Oh, Lost without a trace  
Can't We Run Away  
Can't We Run Away

Verse #2:

Too many nights I've had to sleep alone by myself  
Too many nights, Yeah, I've had to stay upon a shelf

Bridge #2:

But I know why  
Because you were gone floatin' free  
But now that you're here won't you give the opportunity...

Chorus:

For us to Run Away.  
Oh, Can't We Run Away  
To some other place  
Oh, Lost without a trace  
Can't We Run Away  
Can't We Run Away

## SECOND IN TIME

### IN TIME

You're givin' up on love leavin' all behind  
But what do you expect to find?  
One-sided views of what's to come  
But I'm the simplistic viewer left with none

But tell me where do I go  
When all love has gone away,  
And I search every face  
In hope to find a single trace  
Of what I need to find  
In Time. In Time.

So, Carry on to those who'll mean more to you  
Well, Alterations is what I must go through  
So, Don't forget the times we had for awhile  
Well, All I ask of you is just to lend me at least a smile

But now that you're gone away  
And I remain alone  
I know one day  
The one will shine and  
My love will soon be revived  
In Time. In Time. Yeah!

But now that you're gone away  
And I have found my home  
I know my way in her eyes  
That will always shine for me. Yeah!  
In Time. In Time. Oh...  
In Time. In Time.

### FLYING HIGH

I got up this mornin' feelin' unafraid  
Of the worries of life and the pains of everyday  
I'm Flyin' High Today

I looked out my window to find that there's no sun  
It doesn't matter to me 'cause even the grey days are fun  
I'm Flyin' High Today

Bridge:

Well, I'm driftin' on a cloud  
And I'm high again  
Because I know that she's all mine  
And I'm all hers  
And it's funny how love can make people  
More than friends

So, I close my eyes and I can dream of her  
As bein', Oh, The only one for me, for sure  
'Cause I'm Flyin' High Today

Bridge:

Well, I'm driftin' on a cloud  
And I'm high again  
Because I know that she's all mine  
And I'm all hers  
And it's funny how love can make people  
More than friends

So, I close my eyes and I can dream of her  
As bein', Oh, The only one for me, for sure  
'Cause I'm Flyin' High Today  
I'm Flyin' High Today

### DREAM GIRL

I know...

You're my girl always  
And I think of you all day  
You're in my dreams all night  
Dream Girl

You see...

All my fantasies  
And your smile is all I need  
To soar my heart in flight  
Dream Girl

Bridge:

You're so real to me  
And you know just how I feel  
Without you where would I be?  
And you're always near  
Whenever I close my eyes  
And fall asleep

I say...

You make my whole world  
And you're my only girl  
When you eyes meet mine  
Well, I fall in love all over again  
And then I awake,  
Confused in a swirl  
And dream about my  
Dream Girl

### A HOLD ON ME

#### Verse #1:

There goes my baby. She's headin' out the door.  
There's no thinkin' twice or maybe. She's not hangin' 'round no more  
And that's not right!  
After all that we've been through.  
Oh, There goes my baby. She's goin' away.  
She's more than just a lady. But I can tell she's gone to stay  
And that's not right!  
After all that we've been through.  
I should just tell her the truth...

#### Chorus:

Well, You've got A Hold On Me and I want to show it.  
Yeah, You've got A Hold On Me. Yeah, You've got A Hold On Me.  
Yeah, You've got A Hold On Me and I want you to know it.  
Yeah, You've got A Hold On Me.  
You've got A Hold On Me.

#### Verse #2:

Here I am, my lady. Wishin' you were here.  
Searchin' for my baby. I'm feelin' pain and fear  
And that's not right!  
Because I still care for you.  
Oh, Here I am, my lady. Wantin' you so bad.  
Hatin' every moment. Thinkin' of love we had  
And that's not right!  
Because I still care for you.  
I should just tell you the truth...

#### Chorus:

Well, You've got A Hold On Me and I want to show it.  
Yeah, You've got A Hold On Me. Yeah, You've got A Hold On Me.  
Yeah, You've got A Hold On Me and I want you to know it.  
Yeah, You've got A Hold On Me.  
You've got A Hold On Me.

#### Bridge:

Do you know you still burn in my memory?  
And even though you're gone. Your love still lives on. Yeah!

#### Chorus:

Well, You've got A Hold On Me and I want to show it.  
Yeah, You've got A Hold On Me. Yeah, You've got A Hold On Me.  
Yeah, You've got A Hold On Me and I want you to know it.  
Yeah, You've got A Hold On Me.  
You've got A Hold On Me.

### SWEET ON YOU

When I think of you  
Makes me feel so warm inside.  
The touch you're after.  
Always keep that slow, sweet stride.

If you see a mornin',  
Darkness may reside.  
Then you feel the passion  
And you are forced to survive.

Chorus:  
And once that I'm Sweet On You.  
I can let you know. Tell you so.  
You can see it's all quite simple.  
With every motion that you do,  
That I'm just Sweet On You,  
Mmm, Mmm! Sweet On You.

Baby, Here's the answer.  
Put your hand inside of mine.  
Maybe you're a dancer.  
I always search for one of a kind.

If I let the blue moon,  
Make me blue, it's all for you  
Then you feel the high noon.  
And you just know what to do.

Chorus:  
And once that I'm Sweet On You.  
I can let you know. Tell you so.  
You can see it's all quite simple.  
With every motion that you do,  
That I'm just Sweet On You,  
Mmm, Mmm! Sweet On You.

When I think of you  
Makes me feel so warm inside.  
The touch you're after.  
Always keep that slow, sweet stride.

Baby, Here's the answer.  
Put your hand inside of mine.  
Maybe you're a dancer.  
I always search for one of a kind.

Chorus:  
And once that I'm Sweet On You.  
I can let you know. Tell you so.  
You can see it's all quite simple.  
With every motion that you do,  
That I'm just Sweet On You,  
Mmm, Mmm! Sweet On You.

### WALTZIN' MY WAY HOME

It had been a long evenin'  
I couldn't forget  
And I was feelin' mighty low  
Waltzin' My Way Home.

The moon was shinin' bright  
On a 2 o'clock night  
And I was wonderin' where I should go  
Waltzin' My Way Home.

Bridge:  
We had said goodbye about 8 o'clock.  
We said it was the end  
But I never stopped  
To give it a thought  
Because you're my wife, and my life.

But drinkin' never helped anyone  
With love's fatal blows  
But I'm still  
Waltzing My Way Home.

Bridge:  
We had said goodbye about 8 o'clock.  
We said it was the end  
But I never stopped  
To give it a thought  
Because you're my wife, and my life.

But drinkin' never helped anyone  
With love's fatal blows  
But I'm still  
Waltzin',...Yeah!  
I'm still waltzin'. I'm still  
Waltzin' My Way Home. Oh, Yeah!
